## **Idaho suicide hotline needs volunteers**

The Idaho Council on Suicide Prevention has partnered with community businesses and organizations to create the Idaho Suicide Prevention Hotline to help those in need.

Organizers are seeking qualified and concerned volunteers to help. Volunteers who are bilingual would be a plus.

Hotline volunteers will receive Applied Suicide Intervention Skills Training (ASIST), education on Idaho-specific issues, and will shadow other volunteers in the call room.

Information sessions are planned for:

- 6 p.m. Monday, Sept. 24
- 1 p.m. Saturday, Sept. 29

The sessions will be at Mountain States Group, 1607 W. Jefferson St., Boise.
